1. Preface:

Till the beginning of the March 2020, the academic year execute smoothly and as per calendar planned But then, not only the India, but entire world become the victim of a disease from Corona Virus- COVID19.

To break the chain of this Corona Virus, Government of India has announces complete nation lockdown on Mar 24,2020. The whole systems stop functioning, academic institutions get closed, and examinations get postponed. All are advised to stay safe at home and work from home. Such epidemic situation has nobody experienced in this generation. But the fact was that we all have to face it and fight with it.

During this lockdown, to encourage students to work from home and to make themselves compatible with learning, working with technology , the idea of a Video Based Paper Presentation Competition was put forwarded to the Respected Principal Dr. G.N. Shinde Sir from Dr. S.G. Jadhav and department of computer science of the college. The formal proposal was send to principal sir 12 Apr 2020 for approval.

The proposal was accepted by principal sir and as per his directions the event was planned for the science faculty students of the college and event **named as YMIT-FEST 2020 with tag line - Stay Home, Stay Safe, Do Innovative.**

2. About YMIT FEST:

YMIT FEST is an academic activity of the department of computer Science & IT since 2008. The students of 2008-BCS batch constituted a forum called Active forum. Since then the forum regularly organizes academic activities for the students of UG & PG in the area, every year. The YMIT FEST event includes various activities like Paper Presentation, Poster Presentation, Quiz, Programming competitions and Expert talk etc.

In the epidemic situation of covid lockdown, this year YMIT FEST organized in form a Video Based Paper Presentation Competition encouraging students to do innovative by staying stage at home. Till the date, this was first event in this university region which promotes students with such innovative initiatives.

3. Objective Of The Event:

Conducting a online event during this lockdown is the first ever new innovate attempt made by department of computer science of our college in this university region.

Following are the objectives behind the organizing a online event for students:

- To motivate students to work from home during s COVID Lock down Period.
- To encourage students to work with technology
- To encourage students to improve their knowledge & Interpersonal Skills

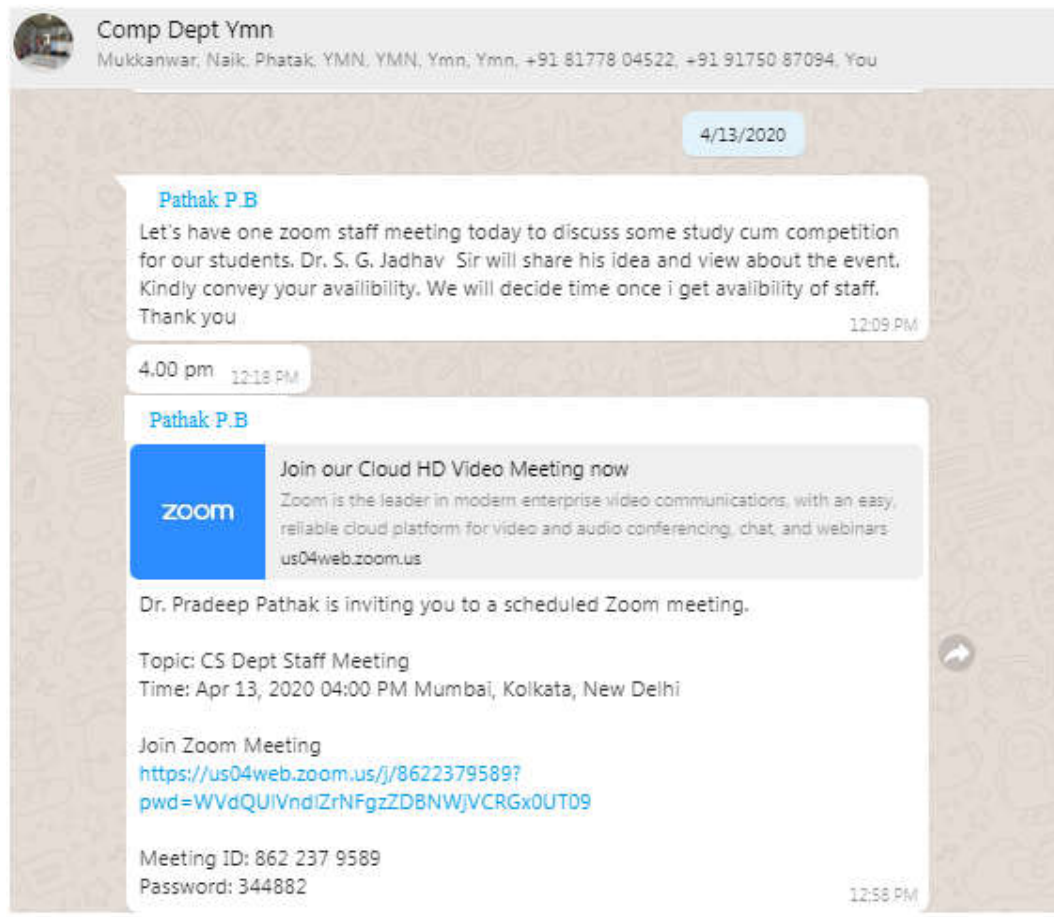

4. The Themes of the Event:

One of the important task was to choose the topic/themes for the proposed event. It was expected that the topic should be related with technology and has role the lockdown situation due to Covid. For this a departmental Meeting was organized with ZOOM app. This meeting was held on 13 Apr 2020 at 4 pm.

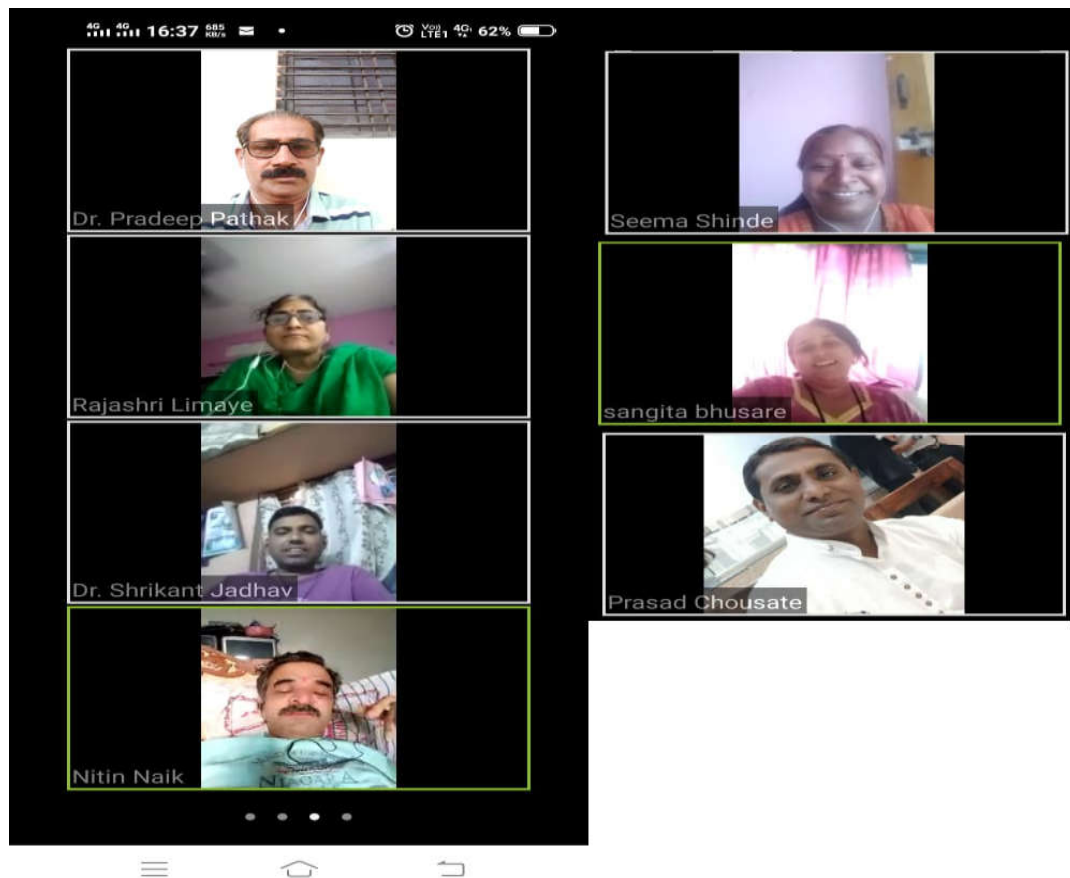

After the discussion with Staff member & Head of Department the following topic have proposed as a Themes for event_

- Cyber Crime & Security.
- E-Commerce & Online Business & Transactions.
- Support of Technology for Work From Home During Lock Down.
- Support of Technology for Learning During Lock Down.
- Any Syllabus Related topic with Current Trends & Development in the computer Sci. & IT.

All these topic are most suitable with the existing situation of lockdown period and very useful for the society. So students are advised to prepare their presentation on any of the topic given. At we found that students has created very good presentations almost on all topics given in the event themes.

Snapshot of department Zoom Meeting discussion & Notification

5. Participation Process:

As it a video based paper presentation competition, Following steps was advised for the students to participate in the event.

- Students have to prepare a paper in Ms –Word Format & a PPT which is to be submitted to event email address.
- In the paper students have to mention his/her name, class, email address and contact number for further communication.
- Then student have to make video of his/her paper presentation of duration Max. 05 min. (File Size < 25 MB)
- Students have to also send this video on event email address.
- Student also have to send Photo copy of College ID Card & Copy of Admission Receipt on event email address
- Last Date of Submission was given 20/04/2020 but it was further extended to 25/04/2020 as per directions of principal sir on students requests.
- During this time span we have received the 39 students participation entries. (Ref. -9.Details of Participants)
- The most important thing was that the **participation was Free** to the students. No fee have been charged from any students for this event.

6. Evaluation Process:

A very systematic and transparent evaluation process was adapted to evaluate the students. Every staff member has contributed by working a evaluator for this video presentation competition.

Evaluation process was carried out in two round preliminary and final super evaluation round.

In both round , the students performance will be assessed by

- By Examining Skill of Presentation in Video.
- By Examining Content in the paper and ppt.

Preliminary Round Evaluation

In preliminary round all 39 entries of participant students have disturbed to the following staff members for evaluation. Following table shows the preliminary round evaluator and no. of students he/she evaluated.

Sr.No	Name of staff	No. Students Evaluated
01	Mr. R.S. Limye	07
02	Dr. F.A. Quazi	06
03	Mrs. S.M. Shinde	06
04	Mrs. S.A. Bhusare	06
05	Mr. G.B. Chounste	06
06	Miss S.R. Padiye	08

Final Super Evaluation Round

From Preliminary Round Evaluation of Every staff member list TOP-3 students have been sorted out. And carry forwarded to next round i.e Final Super Evaluation Round.

In round there were 18 students' in competition, and they are further evaluated. **In this Round the work of super evaluation has been done by Dr. P.B. Pathak, Prof. N.A.Naik and Dr. Shrikant Jadhav, and the result generated.**

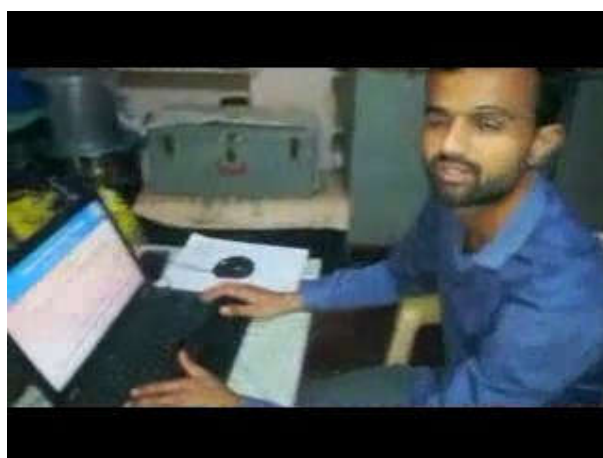

Following process was adapted in this round

- Out of these 03 evaluator each one individually evaluated all 18 students entries and awarded marks to students based on their performance.
- Once individual evaluation over then marks awarded to each students by these 03 evaluators have been clubbed and average marks calculated and rounded which are referred as final marks.
- Based on the final marks result has been generated and winners, consolation declared (**Ref. 10–Details of Evaluation**)
- Following table shows the winner and consolation students names and their evaluation details.

Table showing the final result of YMIT-2020

Organized By
**DEPARTMENT OF
COMPUTER SCIENCE
Y.M. NANDED.**

Objectives of Event

- To motivate students to work from home during this COVID Lock down Period.
- To encourage students to work with technology
- To encourage students to improve their knowledge & Interpersonal Skills

Topics

1. Cyber Crime & Security.
2. E-Commerce & Online Business & Transactions.

3. Support of Technology for Work From Home During Lock Down.
4. Support of Technology for Learning During Lock Down.
5. Any Syllabus Related topic with Current Trends & Development in the computer Sci. & IT.

How To Participate In Event

- Students have to prepare a paper in Ms -Word Format & a PPT which is to be submitted to event email address.
- In the paper students have to mention his/her name, class, email

address and contact number for further communication.

- Then student have to make video of his/her paper presentation of duration Max. 05 min. (File Size < 25 MB)
- Students have to also send this video on event email address.
- Students also have to send Photo copy of College ID Card & Copy of Admission Receipt on event email address. (It is mandatory otherwise participation will be cancelled & No further communication will be made in this regards).
- **Last Date of Submission** of Full length Paper, PPT and Video with Copies College ID and Admission Receipt **is 20/04/2020.**

Email Address:

ymnit2020@gmail.com

Participation is Free

How Students response will be processed.

- The Paper Presentation is open only for science faculty students of Y.M. Nanded.
- Students performance will be assessed by
 - o By Examining Skill of Presentation in Video.
 - o By Examining Content in the paper and ppt.
- Names of Top 03 Performing students will be displayed with their photographs on college website as winners.
- Once the lockdown is over, the Certificates will be awarded to the winners in a College Event.

CONVENER:

- **Dr. G.N. Shinde,**
Principal, Yeshwant Mahavidyalya,
Nanded.

HEAD OF THE DEPARTMENT

- **Dr. P.B. Pathak,**
Department of Computer Sci.

What you learn from this event? *

How to be a part of online work ... How to create a videos ... As well as I learn a techniques to gather information regarding particular subject and make brief explanation .

Any overall feedback for the event? *

I support online activities ... So this is the good trial to make interest in students , but I suggest some other activities that anyone can participate in it easily ... I have faced some problem during creation of video because it requires projector , pc .. anyone cannot buy this item immediately during this lockdown period , so I suggest that organize some other activities

Excellent

I support online activities ... So this is the good trial to make interest in students , but I suggest some other activities that anyone can participate in it easily .. I have faced some problem during creation of video because it requires projector , pc .. anyone cannot buy this item immediately during this lockdown period , so I suggest that organize some other activities

Good event

that was nice event

Nice event

Good event at all

It was nice event

13. Conclusion:

This was a video based paper presentation competition. Considering fact that, most of students doesn't have technical resources for making a video presentation like camera, laptop , related software but still thirty nine students make participation in the event and that was a remarkable response.

It is inspiration and motivation of the respected principal sir that the department could able organize the YMIT FEST 2020 in online mode even in the Covid Lockdown period.

It is the working spirit of all organizing committee members , so that all things all been executed smoothly and as per planned. Encouraging students for participation, Downloading , Organizing participants data, Evaluation process , Result Generation , Certification was not a easy job. But all have carried out all these responsibilities in a well organized manner and makes a successful event.

Thanks to Students,

Thanks to Organizing Committee Members.

Thanks to Respected Principal Sir.

Dr. Shrikant G. Jadhav
